Employee Incentive Program

Fuel Discount Benefit.

MoEV is proud to offer a unique employee benefit to employers – discounted fuel rates for their employees. These rates, typically only available to MoEV subscribers, can now be offered to employees as a valuable retention incentive at no cost to the employer.

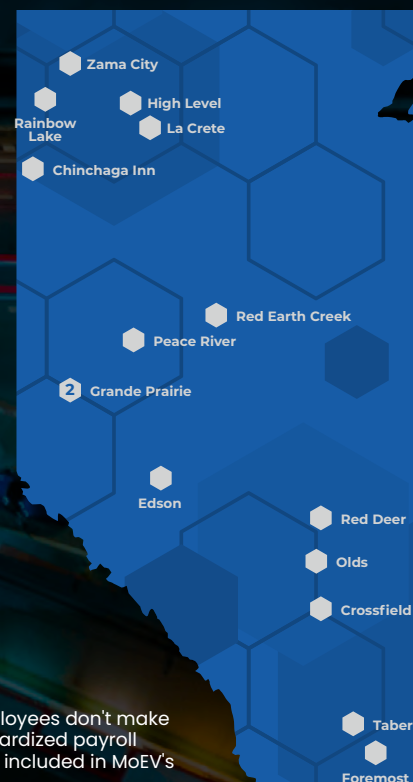

THE PROCESS

MoEV enrolls all employees into the program by using the company census information. Each employee has a separate agreement with MoEV that requires them to use automatic payment options, and not doing so will result in the immediate suspension of their fuel card, benefiting both MoEV and the employer.

Upon subscription, MoEV delivers fuel cards to employees along with usage instructions and a list of nearby locations in their area.

The employer only needs to inform MoEV when an employee leaves the company so that MoEV can promptly stop the fuel card usage.

Contact MoEV today at 403-768-2069 or email driveaway@moevauto.ca to learn more and start offering this incentive to your employees.

MoEV requires employers who join the program to set up automatic payments in case employees don't make their payments. MoEV will debit the company for missed payments and provide a standardized payroll deduction letter for the employer to collect the funds owed by the employee. This process is included in MoEV's contract with the employee as a condition for accessing discounted fuel.

How much do you save?

When the discount is applied, you pay 0-10 c/L greater than the Moev Auto rate which will be a discount of 5-30 c/L depending on market conditions. This variable rate allows MoEV to maintain a competitive rate in all local markets. Sales price posted are daily on moevauto.ca.*

*For the full terms and conditions of the moEV Fuel Program please contact moEV at 403-768-2069. MoEV may amend the terms and conditions of the Fuel Program at any time including the discount available to Tokenholders.

This estimate is based on a comparison between the price for regular fuel available to moEV's Fuel Program participants over the period from 2021 to 2022 as compared to the average posted price available at fuel retailers over the same period.
